

A black and white line drawing of a popcorn bucket tilted to the right, overflowing with popcorn. The popcorn is represented by various cloud-like shapes of different sizes. Several popcorn pieces are also floating in the air around the bucket. The title 'Popcorn Appreciation' is written in a large, bubbly, outlined font across the middle of the page. The word 'Popcorn' is on the top line and 'Appreciation' is on the bottom line. The letters 'o' and 'o' in 'Popcorn' and 'a' and 'i' in 'Appreciation' contain smaller popcorn pieces.

Popcorn Appreciation

In the spirit of celebrating those special adults in your students' lives throughout May and June, let them show their appreciation through this popcorn craft!

Students can color their popcorn bucket and choose the name they are putting in the middle (allowing them to celebrate whoever the special adult is in their life). On each piece of popcorn, students will write a word that describes that special adult. They can then color each popcorn piece, cut it out, and glue it in their bucket. Students can also cut out their bucket and the text piece and glue everything on construction paper for a more "crafty" presentation!

When they are done, they can take it home and give it to that special adult, letting them know how much they appreciate them!

**Just popping by to say there
is no one** butter than you!
