

# Disguise a Snowball

It's winter! Want to have a snowball "fight" in your classroom? Try this spin on that "fight" by challenging your students to use their imagination while making a cool winter craft!

Who can disguise a snowball in the most creative way? With only a snowball on paper, students will use their imagination to disguise their snowball.

When they are done, they can enjoy showing off their disguised snowball and sharing its story with their classmates!

# I am not a snowball!
